Reduce hesitation and answer common concerns.

UPDATE FAQ ANSWERS

Q: Do I need programming experience?

Replace answer:

No. Programs are designed for beginners. We start from fundamentals and build progressively.

Q: How much time per week?

Replace answer:

Expect 6–10 hours weekly including sessions, exercises, and projects.

Q: Are sessions live?

Replace answer:

Yes. Programs include live instruction plus guidance sessions.

Q: Will I build projects?

Replace answer:

Yes. Every program includes practical projects and a final capstone.

Q: Is this career focused?

Replace answer:

Yes. Curriculum focuses on practical skills used in modern software and AI roles.

Q: Do you provide certificates?

Replace answer:

Yes. Completion certificates are provided after successful project completion.
